Thompson, a large importer of fine millinery at 1638 Milwaukee Avenue, Chicago, says: "During the late severe weather I caught a dreadful cold which kept me awake at night and made me unfit to attend to my work during the day. One of my milliners was taking Chamberlain's Cough Remedy for a severe cold at that time which seemed to relieve her so quickly that I bought some for myself. UNION MINERS ANNUAL

Picnic and Observance of the Anniversary of the Eight Hour Day.

WHITWELL April 2.—The annual observance of the anniversary of the eight-hour day was observed at this place Monday by the union miners according to their custom. The day was cold and rainy, and added to the fact that circuit court convened in Jasper, interfered greatly with the success of the day.

In the morning a procession was formed and starting from Red Men's Hall marched to the picnic grounds, appropriate music being rendered in fine style by the Whitwell Brass Band.

In the afternoon the speakers were introduced and several eloquent addresses made.

The Miners' Union of Whitwell is a very strong organization, and in fact Whitwell is a union town through and through, clerks, teamsters, doctors, merchants and almost everyone in it being organized.

Several Sevier county voters are said to expect a supply of Easter dyes from their congressman.
